# INTRODUCING PAN AM JOURNEYS™

Some names carry weight that time cannot diminish.  
Pan Am® is one of them.

A brand that once defined what it meant to see the  
world at its finest, and is now doing so again.

Pan Am Journeys™ is the ultra-premium private travel  
collection of Pan Am World Airways®, built for guests who  
believe the journey itself should be as extraordinary as  
the destination.

The concept: Private aviation, sole-use properties, and  
seamless ground operations across the world's most  
remarkable destinations. Instead of tours, we create journeys.  
Deeply considered, meticulously arranged, and experienced  
exclusively with a small group of like-minded travelers.

On the ground: Partnerships with the world's leading  
destination specialists ensure that every lodge, every  
transfer, every experience reflects the same standard of  
excellence Pan Am® has always represented.

This is travel with nothing left to chance, and nothing left to  
be desired.

# Africa. Unfiltered. Unforgettable.

19 DAYS | 4 COUNTRIES | 42 GUESTS

**JUNE 19<sup>TH</sup> - JULY 9<sup>TH</sup>, 2027**

The Africa of your imagination, vast, wild, and breathtaking beyond description, is waiting. Not behind a window or a crowded tour, but all around you, immediate and alive.

This is the continent at its most raw and its most refined. Mornings that begin before sunrise and end under skies so clear they feel borrowed from another world. Wildlife that moves on its own terms, in wilderness that belongs to no one. Dinners in the bush by firelight. The slow rhythm of a legendary train cutting through the heart of South Africa. They are the moments that stay with you long after the journey ends.

There is nowhere on earth quite like it. There is no better way to experience it than this.

DISCOVER THE

# JOURNEY BUILT ON ONE STANDARD

Every Pan Am Journeys™ itinerary begins with the destination. Its character, its culture, its singular ability to move the people fortunate enough to experience it.

From there, we select partners who know that destination better than anyone. Securing access that most travelers never reach. Arranging every transfer, every table, every moment of the day so that when guests arrive, there is nothing left to manage and nothing left to want.

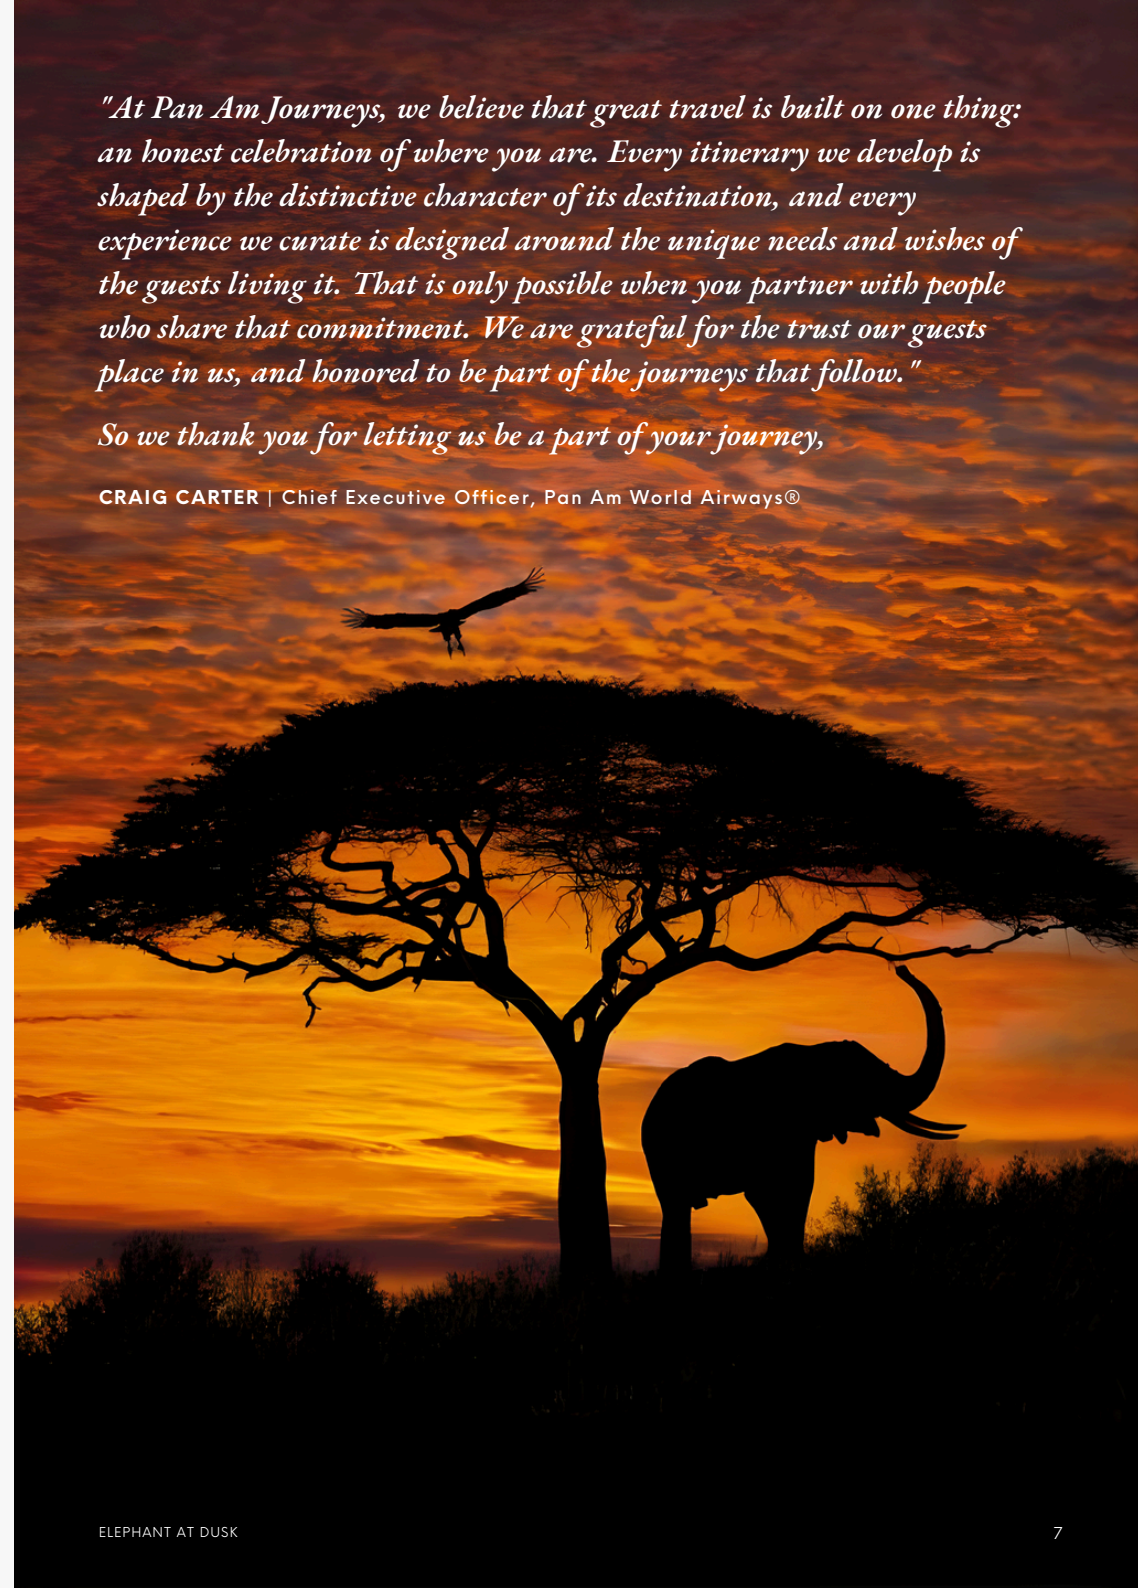

The standard is simple: A journey worth taking deserves people who treat every detail as though the whole experience depends on it. Because it does.

That is the belief Pan Am Journeys™ was founded on. Every journey in the collection is our proof.

*"At Pan Am Journeys, we believe that great travel is built on one thing: an honest celebration of where you are. Every itinerary we develop is shaped by the distinctive character of its destination, and every experience we curate is designed around the unique needs and wishes of the guests living it. That is only possible when you partner with people who share that commitment. We are grateful for the trust our guests place in us, and honored to be part of the journeys that follow."*

*So we thank you for letting us be a part of your journey,*

**CRAIG CARTER** | Chief Executive Officer, Pan Am World Airways®

Every Pan Am Journeys™ experience is built around a single commitment to our guests. Every detail arranged. Every transition seamless. Every experience waiting exactly as promised. What follows is the standard Pan Am has always set. The one that redefined air travel for a generation, and is now redefining what it means to see the world.

WHERE THE GREAT MIGRATION SETS THE AGENDA  
AND EVERY SUNRISE BELONGS TO YOU

There is nowhere on earth quite like the Serengeti. An ecosystem so vast and so alive that it operates entirely on its own terms, indifferent to everything except the ancient rhythms of predator and prey. For three nights, it is yours.

Private game drives at dawn and dusk bring guests deep into one of Africa's most wildlife-rich landscapes, guided by experts who have spent their lives reading the bush. Evenings unfold around firelight in the heart of the wilderness. Mornings begin with coffee as the plains come to life around you.

This is Tanzania the way it deserves to be experienced.

# ZIMBABWE

Few places on earth announce themselves the way Victoria Falls does. You hear it before you see it. Feel the mist before you reach the edge. Standing at the rim of one of the world's greatest natural wonders, the scale of it is simply beyond description.

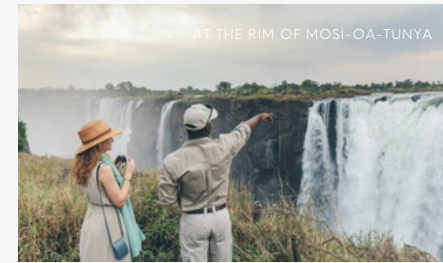

For two nights, that wonder is your backdrop. From a private guided tour along the falls to a sunset cruise on the Zambezi as hippos surface alongside the boat, Zimbabwe delivers the kind of moments that travel writers reach for and words routinely fail to capture.

VICTORIA FALLS AT DUSK

## THE SMOKE THAT THUNDERS *A private guided tour of Victoria Falls*

The local name for Victoria Falls is Mosi-oo-Tunya. The smoke that thunders. Guided privately along the paths that trace the length of the falls, guests experience one of the Seven Natural Wonders of the World with the depth of attention it deserves. No crowds pulling you forward. No schedule but your own.

## VICTORIA FALLS HOTEL *Dinner and high tea at one of Africa's great colonial landmarks*

Built in 1904, the Victoria Falls Hotel is among the most storied properties on the continent. Guests dine privately in surroundings that have hosted explorers, heads of state, and travelers in pursuit of something unforgettable for well over a century. High tea on the terrace, with the spray of the falls visible in the distance, is an experience that belongs to another era entirely.

## ON THE ZAMBEZI AT SUNSET *Private sunset cruise*

As the afternoon light turns gold over the Zambezi River, guests board a private vessel for one of the most memorable evenings of the journey. Hippos surface beside the boat. Elephants move along the banks. The sun drops slowly behind the treeline while drinks are poured and the river does the rest.

JUNE 26 – JULY 2 | 6 NIGHTS

# BOTSWANA

WHERE THE DELTA DEFINES EVERYTHING

Botswana is Africa at its most untouched. The Okavango Delta, one of the world's great natural treasures, floods each year to create an inland sea teeming with wildlife found nowhere else on earth. The Linyanti Wildlife Reserve, ancient and remote, is home to some of the continent's largest elephant populations and some of its most exceptional game viewing.

For six nights across two sole-use camps, Pan Am guests have both entirely to themselves. No other travelers. No shared spaces. Just the bush, the water, and the animals that have always lived here.

**ON FOOT IN THE WILDERNESS**  
Walking safaris led by experienced field guides, bringing guests into direct, unhurried contact with Africa on its own terms.

ON FOOT IN THE BUSH, BOTSWANA

**AFTER DARK**  
Night drives reveal a side of the bush most travelers never see. What moves through the darkness is as remarkable as what walks through the day.

**MULTIPLE GAME DRIVES**  
Twice-daily drives across two of Africa's most wildlife-rich ecosystems, with expert guides and open vehicles that place guests at eye level with the bush.

# ROVOS RAIL

WHERE THE CONTINENT UNFOLDS  
OUTSIDE YOUR WINDOW

## THE PRIDE OF AFRICA

Widely regarded as the world's most luxurious train, the Pride of Africa has carried guests across Southern Africa since 1989. Wood-paneled suites, 24-hour room service, a personal host on call, two dining cars, a lounge, and an open-air observation car at the rear of the train. Every detail of the onboard experience reflects the same standard of care that has defined every night of this journey.

## 1,600 KILOMETERS OF SOUTHERN AFRICA

Departing Pretoria's historic Capital Park Station, the route passes through some of the continent's most arresting terrain. Fertile valleys give way to the vast silence of the Karoo. Afternoon tea arrives as the plains darken. By morning, the mountains above Cape Town appear on the horizon.

## YOUR JOURNEY ABOARD

Pan Am Journeys guests occupy the overwhelming majority of the Pride of Africa for this departure — the train carries a maximum of 72 passengers across 36 suites. Meals together in the dining car. Evenings in the observation car with South African wines and the Karoo passing in darkness outside. Three nights of quiet, unhurried reflection on everything that came before.

EVENING IN THE OBSERVATION CAR

JULY 6 – 9 | 3 NIGHTS

# CAPE TOWN

Cape Town does not ease you in. From the moment the train pulls into the station and Table Mountain fills the window, it announces itself as one of the great cities of the world. For three final nights, it is yours to explore at whatever pace the journey has left you with.

The V&A Waterfront, the Cape Peninsula, the winelands stretching into the valleys beyond the city. Cape Town offers more than three nights can hold. That is precisely the point.

## TABLE MOUNTAIN

*A private excursion to the summit*

One of the New Seven Wonders of Nature, rising above a city it has defined for centuries. A private excursion to the summit offers views across the Cape Peninsula that serve as a fitting final image of this continent.

## INTO THE WINELANDS

*A private excursion to Stellenbosch and Franschhoek*

The valleys beyond Cape Town produce some of the southern hemisphere's finest wines. A private afternoon in the winelands offers one last unhurried pleasure before the journey draws to a close.

## THE CAPE PENINSULA

*A private drive along the Atlantic coastline*

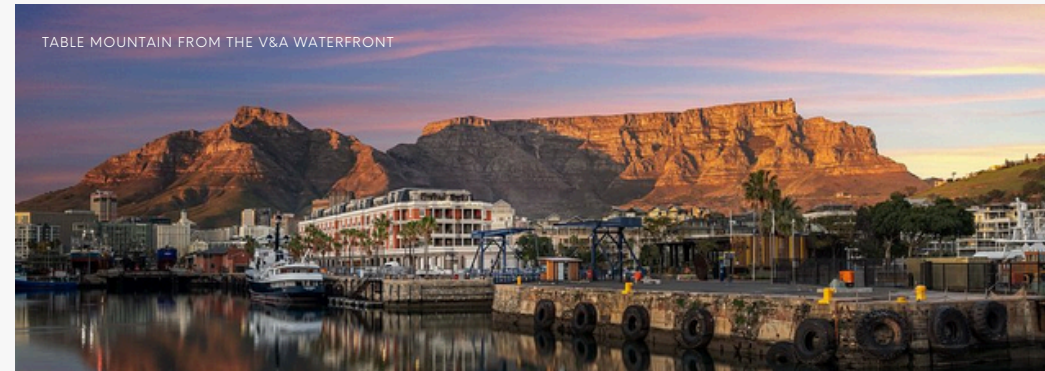

From Cape Town's seaboard to the Cape of Good Hope, a private drive along one of the world's most dramatic coastlines. Landscapes as ancient and unhurried as anything encountered on the journey.

## A FAREWELL DINNER

*The final evening of the journey*

The last night is marked with a private dinner befitting everything that preceded it. The company of fellow travelers, the wines of the Cape, and a city that makes it genuinely difficult to say goodbye.

TABLE MOUNTAIN FROM THE V&A WATERFRONT

## CAPE GRACE

*Three nights at Cape Town's most celebrated address*

Positioned at the heart of the V&A Waterfront with views across the yacht basin to Table Mountain. Three nights of quiet, understated luxury to close a journey that began nineteen days ago on the other side of the world.

## YOUR OWN PACE

*Private cars on standby throughout*

Cape Town rewards curiosity. Private vehicles and dedicated drivers are available on standby throughout your three nights, ready to take you wherever the city leads. No schedules, no waiting. If you want to go, you go.

# OUR OPTIONAL EXPERIENCES

YOURS TO CHOOSE. YOURS TO ENJOY.

Every moment of this journey has been arranged with intention. But within that, we believe in leaving room for the unexpected. For guests who want to go further, move differently, or simply follow their instincts. What follows is a selection of optional experiences available throughout the journey, at no additional cost unless noted.

## THRILLS AT THE FALLS

*Zimbabwe — included, optional by choice*

For those who want to feel the adrenaline that matches the drama of Victoria Falls, the gorge below offers bungee jumping, gorge swinging, and zip lining across one of the world's most spectacular natural backdrops. Entirely optional. Completely unforgettable.

## ABOVE THE OKAVANGO

*Botswana — available at additional cost*

A private helicopter scenic flight over the Okavango Delta offers a perspective of this extraordinary ecosystem that no game drive can replicate. Vast, waterlogged, and alive in every direction. Available on request.

## THROUGH THE LENS

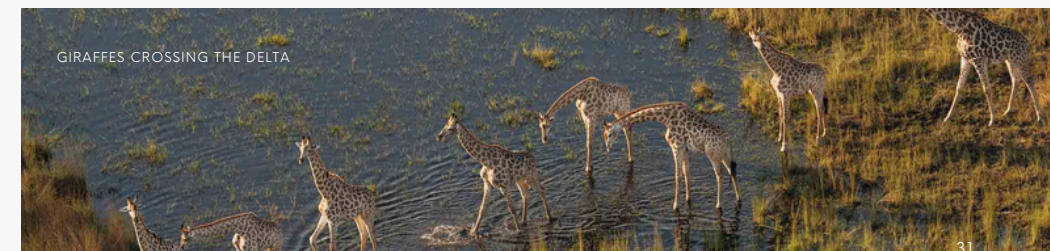

*Botswana — included, optional by choice*

Photography tours led by expert guides position guests at the best vantage points across both Vumbura Plains and Duma Tau. For guests traveling with serious camera equipment, this is the opportunity to use it properly.
